

# Jobs in Geography

## JOB FAIR

To better serve employers and job-seekers, AAG's "Jobs in Geography" (JIG) is being enhanced for 2007. AAG is enlarging the JIG area and will offer display tables for interested companies as well as extended hours. Employers will have increased exposure by promoting their organization with a pop-up or table-top exhibit. Private interview rooms will be available upon your request. Participating employers will also be given access to the AAG 2007 Attendee Resume Bank prior to the conference, allowing you to determine potential interview candidates in advance. Your company will also receive additional exposure on the "Jobs in Geography" section of the AAG 2007 Annual Meeting website.

For additional information, please contact Ivan Cheung at 202-234-1450. Please note that the JIG event is for recruiting purposes only and may not be used as a substitute for exhibiting at the conference.

Please send this form with payment and JIG announcements to Ivan Cheung:  
AAG, 1710 16<sup>th</sup> St., NW, Washington, DC 20009
