

# AMERICAN ASSOCIATION *of* GEOGRAPHERS

ANNUAL MEETING

## WHO?

9,000+ geographers, and related professionals

## WHAT?

The largest geography conference in the world

## WHEN?

April 3-7, 2019

## WHERE?

Washington, DC at the Marriott Wardman Park

## REASONS TO ATTEND

1. **Become part of an international community of geographers.** Join thousands of geographers and related professionals from 90+ countries who attend the Annual Meeting.
2. **Present your research.** Showcase your work at any stage for constructive feedback and advice with a paper or poster presentation.
3. **Collaborate and connect.** Engage with other scholars in the field, explore potential collaborations, and make lifelong connections with important figures in the discipline.
4. **Broaden your horizons.** Discover the many facets of geography by meeting new people and attending sessions on unfamiliar topics.
5. **Never stop learning.** Earn continuing education credit for your professional licenses or accreditation by participating in workshops, presenting your research, and attending sessions.
6. **Network to get work.** Attend career mentoring sessions, visit our Jobs & Careers Center, and participate in professional development workshops. The Exhibit Hall also features dozens of organizations from academia, government, and the private sector that are looking to hire talented geographers.
7. **Stay up-to-date.** Keep an eye on current technologies and best practices in your facet of the discipline at technical workshops, the Exhibit Hall, and cutting-edge session presentations.
8. **Explore!** The AAG Annual Meeting changes locations each year, allowing attendees to explore and discover new places in addition to all the conference has to offer.
